Survivorship is defined as the focus on the health and well-being of a person with cancer from the time of diagnosis until the end of life. This includes the physical, mental, emotional, social, and financial effects of cancer that begin at diagnosis and continue through treatment and beyond (National Cancer Institute [NCI], 2022).

Prevalence

- 20 million Cancer Survivors in United States.
- 67% of Cancer Survivors have lived 5+ years.
- 45% of Cancer Survivors have lived 10+ years.
- 18% of Cancer Survivors have lived 18+ years.

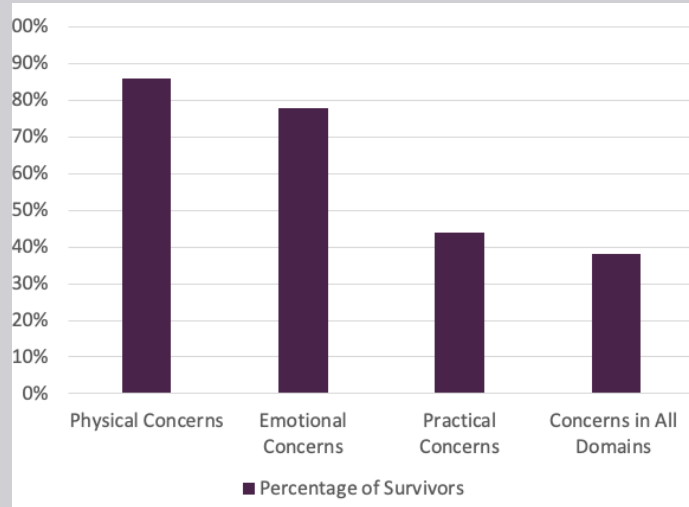

Cancer Prevalence and Projections in U.S. Population from 1975-2040

Common Concerns of Cancer Survivor

- 86% Physical concerns
- 78% Emotional concerns
- 44% Practical concerns
- 38% Concerns in all domains

Our Mission

Mommy's Dream is a non-profit organization seeking to assist cancer patients in Billings, Montana, and surrounding communities. This organization aims to support cancer patients through community and financial resources. Mommy's Dream aspires to reduce all emotional, physical, and financial burdens cancer patients and their families face. Mommy's Dreams relies solely on the generous donations and funds raised from fundraising events to support this mission.
